Out of the ruins Out from the wreckage Can't make the same mistake this time	Eximus e ruinis eximus e straginibus eodem errore capere rursus non possumus
We are the children The last generation We are the ones they left behind	pueri sumus postrerum genus sumus ii qui postea manebimus
And I wonder when we are ever gonna change it Living under the fear till nothing else remains	et quaeror, quando id mutabimus perterriti vivimus usque nihil manet
We don't need another hero We don't need to know the way home All we want is life beyond the thunderdome	alii viri non indigemus nobis non opus est iter ad domum scire solum volumus vivere trans tholum tronitus
Looking for something we can rely on There's got to be something better out there	Aliquid quaerimus in quo credere possumus oportet aliquanto melius foris esse
Love and compassion, their day is coming All else are castles built in the air	amor et misericordia, eorum dies venit cetera castra in aero est
And i wonder when we are ever gonna change it Living under the fear till nothing else remains All the children say	et quaeror, quando id mutabimus perterriti vivimus usque nihil manet omnes pueri dicunt
We don't need another hero We don't need to know the way home All we want is life beyond the thunderdome What do we do with our lives We leave only a mark Will our story shine like a life Or end in the dark Give it all or nothing	alii viri non indigemus nobis non opus est iter ad domum scire solum volumus vivere trans tholum tronitus Qui faciemus cum vitis nostris? nostra vestigia relinquimus lucebitne nostra fabulam ut vita? an conficiet tenebris? necesse est tibi omnia aut nihil dare
We don't need another hero We don't need to know the way home All we want is life beyond the thunderdome All the children say	alii viri non indigemus nobis non opus est iter ad domum scire solum volumus vivere trans tholum tronitus omnes pueri dicunt
