

Somnia parvum somnium mei

Stars shining bright above you. Night breezes seem to whisper, 'I love you,' Birds singing in the sycamore tree. Dream a little dream of me. Say nighty-night and kiss me. Just hold me tight and tell me you'll miss me. While I'm alone and blue as can be, Dream a little dream of me. Stars fading, but I linger on, dear, Still craving your kiss. I'm longing to linger 'till dawn, dear, Just saying this: Sweet dreams 'till sunbeams find you, Sweet dreams that leave all worries behind you. But in your dreams, whatever they be. Dream a little dream of me.	Stellae lucentes supra te aura noctis videtur susurrare "Te amo", Cantus avium supra cycomorum somnia parvum somnium mei. Dic "Vale" atque da mihi osculum tantum mihi in collum invade et dic mihi me desideratura esse. dum sola et tristissima sum somnia parvum somnium mei. Stellae occidentes, sed remaneo, care, etiam osculum tuum avens. volo remanere prima luce, care, tantum id dico: dulcia somnia donec fulmina solis tibi inveniet, dulcia somnia quae procul ab te curas relinquit. Sed in somnis, quodcumque id est somnia parvum somnium mei.
